

ARTICLE 7. DECALS:

- (a) The Official Event Title Decal
- (b) The Vehicle Competition Numbers
- (c) The Door Panel for the DUNLOP/WONAGO.com - MSA British Historic Rally Championship 2009
- (d) The Official DUNLOP/WONAGO.com - MSA British Historic Rally Championship Screen Strip
- (e) HRCR "Silver Jubilee" Decal or HRCR Decal on the rear panel / bootlid (15.5x7cm)
- (f) "Dunlop" Decals (45x7.5cm or 24x4cm)
- (g) "Mintex Brake Pads" Decal (15x7cm)

7.1. Competitors in the championship must make available areas on each side of their car (see diagram above) for the official Championship and HRCR Cup door panel, Dunlop and Mintex decals, one area on the rear of the car for the HRCR or HRCR "Silver Jubilee" decal – all of which must be carried whilst competing on all the championship rounds otherwise points will not be allocated for that round.

7.3 A Championship Screen Strip will be supplied to be affixed to the top of the competing car's windscreen whilst competing on all the championship rounds. Only the Championship Screen Strip is permitted on the windscreen and the only modification to the Screen Strip that is permitted is to trim its outer edge/ends to fit the vehicle's windscreen.

Only in exceptional circumstances where vision is proved to be impaired will the competitor be given dispensation to affix the screen strip in another prominent position. This must be agreed with the Championship Eligibility Scrutineer and the Championship Co-ordinator.

Other decals (such as Fuel Allocation Identification Stickers) can be affixed to the Sun Screen only as instructed by a Championship Bulletin.

The organisers may issue Official Bulletins to require the placing of other decals on competing cars on all Championship rounds.

7.3 Non compliance with any of the above will result in championship points not being allocated for that round.

NOTE: Two small "WATER END PROPERTIES" Decals are enclosed. These are to go over the similar patches on the door squares (which did not print as intended).

FURTHER NOTE: The door squares have an application film fitted (to help keep the large decal flat whilst it is applied. Once you have the squares fitted to your doors, peel off this film.
