The Gambia

incorporating the *HRCR Cup*

The 2009 BHRC "Team"

Managed By

Following a meeting of the Championship Committee on the 14th May, it was decided to approach David Stokes and Guy Weaver and ask them to act as Competitor Representatives for the Dunlop / Gambia - MSA British Historic Rally Championship. We are pleased to announce that the invitations were accepted.

David and Guy were BHRC Champions in 2007 and David has been a competitor in the Championship since its inception. The addition of Guy's attention to detail in the left hand seat makes them a formidable combination on the stages in their Ford Escort. Both men are very interested in the well-being of the Championship and have provided input "behind the scenes" for some time.

Val Thompson has also joined us as a second Competitor Liaison Officer on most of the events this year. She is an active co-driver (in all sorts of rally cars) and Val has carried out the role of CLO for other Events and Championships so knows many of our organisers and the way round the Blue Book - the essentials of the job. Therefore, there is now another attractive, smiling face greeting competitors at signing-on! David Crawley continues to act as CLO on all events.

Competitors with questions, or points to raise are therefore urged to speak to these people or, of course, the other members of the Dunlop / Gambia - MSA British Historic Rally Championship Committee.
