

BERKS, BUCKS AND OXON

Tuesday 5th September: HRCR meeting at The Gate, nr. High Wycombe

Superlative feature film about an automotive engineer who said 'no'

'Flash of Genius'

James Dyson said that this is the best film ever made, about a man with an idea.

Not your typical Hollywood blockbuster, it's the story of the man who invented the intermittent windscreen wiper. It's riveting because shrewdly, he patents his device before showing it to all the American Automotive giants. They all want it, but don't want to pay him for it. A full length drama that doesn't end as you might expect.

Recommended.

Note that this is a 2 hour film that will start at 8.15, with a short break in the middle. Please arrive in good time.

Meetings are (normally) held first Tuesday of every month at
The Gate, Bryants Bottom Road, Great Missenden, Bucks, HP16 0JS.

**To keep these evenings free please come from 7 pm and
take advantage of our hosts excellent food and beer!**
