

SOUTH EAST LONDON & SURREY

Rallying activity was muted in July.

Again a select group met at The Bell to straighten a few important geo-political issues and left after a spirited evening content that much was now better in the world as a result.

A rally presence was contributed to the Warlingham RFC Car Show on a grand day which saw some £8000 raised for the Macmillan Cancer charity.

Motor sport was also supported by a small Area group attending the Goodwood FoS and Silverstone Historic Race Festival.

August sees a joint meeting with Southern Car Club. This will be on 13th August, replacing the traditional fourth Thursday.

More competitive action resumes in September with participation in ERA's Blue Train Challenge and Classic Rally Tours Trophy.
