

DEAN& MARCHES

We kicked off 2018 with our January meeting at the Ross & District Motor Sports Club. It was our annual 'bring an odd object' contest and its amazing after doing this for several years there are still things out there that baffle everyone. A Peugeot 202 steering column light switch was pretty interesting. The schedule of events for our year was distributed and there were several appreciative noises made when a visit to an ice cream factory was found to be on the list.

Our February meeting takes place on Monday 19th February when we will meet from 8.15 pm at the Ross & District Motor Sports Club, Kyrle Street, Ross-on-Wye, HR9 7DB. The entertainment will be a general knowledge/motoring quiz. Come and join us, all are welcome.
