

NORTHANTS & BEDS

Our August meeting, where a small eclectic group shared “An Evening with Peter Hall”, whose rallying experiences included entering the London to Sydney Rally no less than three times.

Next month, on the 24th September, we have “An Evening with Mark Donaldson”.

Mark is the third generation of the Donaldson family in the motor industry. After his graduation from University, he worked for his father and there he realised a passion for a career working with rare automobiles of historical interest.

He joined renowned auction house Christie’s as a Specialist in their car department, initially based in London, but in 2005 he accepted a two-year posting to their Beverly Hills office where he was placed in charge of their annual flagship auction in Monterey, Northern California.

Mark returned to the UK in 2007 to work on Private Treaty transactions. Since incorporating his own company in 2010 his experience in handling an array of both high value and often complex vehicles has continued to result in consistent referred and repeat business. The business operates with the benefit of trusted Consultants and Outsourced Expertise to ensure it remains both competitive and flexible. In keeping with a well-travelled CV, having conducted business on five continents he takes his operational diligence very seriously and relishes new challenges. With nearly twenty years’ service to the industry Mark is often cited for market opinion in the motoring press.

An avid racer Mark has competed in the UK, Europe and the USA at notable circuits such as Goodwood, Monza, Nurburgring Nordschleife, Silverstone, Spa Francorchamps and Monza.

He has competed in more than ten 24hr Endurance races and has also taken part in the Tour Auto, Silverstone Classic, Le Mans Classic and the Spa 6 hours in a variety of vehicles.

We look forward to another interesting night.

So please contact me should you any queries on the group’s activities, and if you wish to be included on our Monthly Newsletter mailing list.

Please send all your articles or photographs by emailing them to Monica Dowson at monica.dowson@btinternet.com , who will also be most pleased to hear from you.

Travel Safe
