

BERKS, BUCKS AND OXON

The Gate, Bryants Bottom, Tuesday 2nd April 2019, *at the newly refurbished motor club room*

The BMC Competitions Department: The Movie

As not all of us will know, a few years ago Bill arranged, with considerable effort, to get 51 of BMC's Works Competition cars, drivers, navigators, workshop crews together for one special and largely unadvertised celebration. This recent DVD, over an hour long, is narrated by Graham Robson. It features snippets of the amazing collective and period footage that certainly I have not previously seen, plus interviews with many of the personnel involved. It seems everyone who could be there, was.

There is also expert description of some of the illustrious machines, some which have not been on public display for many years. It is a rare insight and if you weren't there this is the next best thing.

NB I did not even know this record existed and am grateful to who ever alerted me to its existence.
