

## NORTH WEST

The North West Area is ably co-ordinated by David Ward and Julian Broadhurst. They have a dedicated facebook page with more info and they have their own email newsletter too. If you'd like to be included, just send them an email.

They recently ran a BBQ and Grass Autotest. This event was very well run By Duncan Wild, who reports a record number of entries.

## ROAD RUN AND TREASURE HUNT REPORT

Yet another excellent run by Mike and Lorna of 'Team Harrison'. The run was tulip based and totalled 45 miles around Cheshire. Although the night closed the teams made it round successfully. The event was a tie between the team of Sara Apa and Andrew Heywood in Andrew's lovely TR3, the other joint team were on their first event but left early. Kraig Mycock a VSCC member was navigating by himself in a rather snazzy red Audi 20V coupe
